Professional Experience

Manhattan District Attorney's Office

New York, NY

Software Developer

February 2022 - Present

- Partnered with a developer to build a tailored WPF solution for a department screening hundreds of weekly calls allowing them to prioritize and investigate more efficiently.
- Created 2 ASP.NET MVC applications which streamlined inter-department case referrals reducing time spent requesting information.
- Diagnosed and implemented bug fixes for a critical WPF application used by several departments to manage investigations.
- Worked with the networking team to design a workflow allowing attorneys to grant granular access to protected case files.
- Created and updated SQL Stored Procedures used for email reports and SSRS reports.
- Diagnosed and implemented bug fixes for a WPF User Control library used by several applications.

Dos Caminos

New York, NY

Food Runner

March 2016 – September 2021

- Worked with the executive chef and kitchen staff to coordinate the timely preparation and serving of food to hundreds of guests per shift
- Ensured all modifications and allergies for each dish were properly accounted for
- Maintained the kitchen stocked with dishes and any ingredients necessary for food preparation
- Ensured coordination between kitchen staff and front of house staff through diligent communication during service
